A

PROFESSIONAL SUMMARY

Motivated Computer Science student at Tshwane University of Technology (all academic requirements completed) with a strong foundation in software development, databases, and problem-solving. Seeking a Work Integrated Learning (WIL) opportunity to apply technical expertise in Java, PL/SQL, and JavaScript while contributing to innovative projects. Passionate about coding, collaborative problem-solving, and continuous learning in a dynamic tech environment.

CORE COMPETENCIES

- Programming: Java (Very Good), PL/SQL (Good), JavaScript (Moderate)
- Database Management: SQL, Database Design
- Software Development: Agile Methodologies, Debugging
- Tools: Microsoft Office Suite (Very Good), Git, IDEs (Eclipse, VS Code)
- Soft Skills: Detail-Oriented, Team Collaboration, Analytical Thinking

TECHNICAL SKILLS

- Languages: Java, PL/SQL, JavaScript, HTML/CSS (Basic) ,Python
- Databases: SQL, MySQL
- Development Tools: VS Code, Git
- Microsoft Office: Advanced Excel, Word, PowerPoint

EDUCATION

National Diploma in Computer Science

Tshwane University of Technology | Feb 2021 – 2026

- Key Courses: Programming (Java), Database Systems, Software Engineering, Web Development □ Projects: Developed applications using Java and SQL; academic projects in system design.

Grade 12 (National Senior Certificate)

PROJECTS (Academic/Personal)

1. Developed an AI Powered Attendance Tracking System Using Facial Recognition
2. [Encryption project] – Java/SQL
 - Developed a Gym membership project using Java and MySQL.
 - Implemented -CRUD operations, GUI with Swing.
 - Outcome: -Improved data retrieval anciency by 25%

LANGUAGES

- Xitsonga (Fluent) | English (Good)
- IsiZulu (Moderate) | Sepedi (Beginner)

HOBBIES & INTERESTS

- Coding (Java challenges, mini-projects)
